

BUILD YOUR OWN PIRATE SHIP

MATERIALS:

1 Ship Base		1 Cabin	
1 Mast		1 Plank	
1 Crow's Nest		1 Medium Sail	
6 Windows		1 Large Sail	
1 Ship Front		12 Nails	

FINAL:

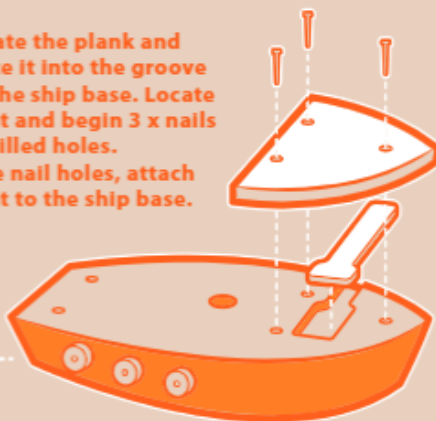

1

Locate the ship base and the 6 x window pieces. Matching the nail holes, attach the windows to the ship base.

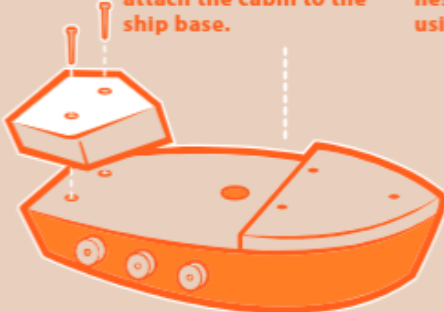

2

Locate the plank and place it into the groove on the ship base. Locate the ship front and begin 3 x nails in the pre-drilled holes. Matching the nail holes, attach the ship front to the ship base.

3

Locate the cabin and begin 2 x nails in the pre-drilled holes. Matching the nail holes, attach the cabin to the ship base.

4

Locate the mast and crow's nest. Attach the crow's nest to the mast using 1 x nail.

5

Insert the mast into the holes on all sails and then place the mast into the hole on the ship base to complete your pirate ship.

CAUTION: Kit contains components with functional sharp points. Adult supervision required. Please dispose of any components if they become damaged after assembly. Use safety goggles at all times. Small parts: not suitable for children under three years.
