Important Safety Instructions

This appliance can be used by children aged from 8 years and above if they have been given supervision or instruction concerning use of the appliance in a safe way and if they understand the hazards involved.

Cleaning and user maintenance shall not be made by children unless they are aged from 8 years and above and supervised. Keep the appliance and its cord out of reach of children aged less than 8 years.

Appliances can be used by persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and if they understand the hazards involved.

Children shall not play with the appliance.

If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

TO REDUCE THE RISK OF FIRE OR ELECTRICAL SHOCK, DO NOT USE THIS FAN WITH ANY SOLID-STATE SPEED CONTROL DEVICE.

UNPLUG OR DISCONNECT THIS FAN FROM THE POWER SUPPLY BEFORE SERVICING.

When using electrical appliances, basic precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons, including the following:

1. Use this fan only as described in this manual. Other use not recommended may cause fire, electric shock or injury to persons.
2. This product is intended for household use **ONLY** and not for industrial or outdoor use.
3. To protect against electric shock, do not place fan in window, immerse unit, plug or cord in water or spray with liquids.

Nouveau.

4. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. DO NOT attempt to defeat this safety feature.
5. Close supervision is necessary when any appliance is used by or near children.
6. Press the OFF button and unplug the fan from the outlet when not in use, when moving the fan from one location to another and before cleaning.
7. To disconnect the fan, first press the OFF button, grip the plug and pull it from the wall outlet. Never pull by the cord.
8. Do not operate the fan in the presence of explosive and/or flammable fumes.
9. Do not place the fan or any parts near an open flame, cooking or other heating appliance.
10. Do not operate the fan with a damaged cord or plug or if the product malfunctions, is dropped or damaged in any manner.
11. Avoid contact with moving fan parts.
12. The use of attachments not recommended by the manufacture may be hazardous.
13. Place the fan on a dry, level surface.
14. Do not hang or mount fan on a wall or ceiling.
15. Do not operate if the fan housing is removed or damaged.

Description

Sleek & modern high-velocity fan provides more powerful wind than ordinary plastic fans. Draws air off the floor and circulate through the entire room keeping room cool and breezy. Put near the windows and it helps exhaust hot indoor stuffy air and pulls in fresh outdoor air.

- Energy-saving, high velocity motor for maximum air circulation
- Up ,down tilt-adjustment for flexible use
- Triple speed selection
- Solid construction with thermal-protection to prevent motor overheat.

Nouveau.

When you find the nut on the side of the fan is loose, use the supplied knob to tighten the nut by turning the knob clockwise. Keep the knob for future use.

Environmentally friendly disposal

You can help protect the environment!

Please remember to respect the local regulations: hand in the non-working electrical equipments to an appropriate waste disposal centre. The packaging material is recyclable. Dispose of the packaging in an environmentally friendly manner and make it available for the recyclable material collection-service.
